

# INDUSTRIAL LUBRICANTS *Solutions*

- Great for loosening rusty parts
- Strong capillary action
- Prevents future rusting

CARE FOR WORK ENVIRONMENTS®

#### HEAVY-DUTY PENETRATION

PEN penetrates, frees and cleans all hard-to-get-to places as the aerosol pressure forces oil into rusty parts and gives better, faster penetration. Loosens rusted nuts, bolts and studs commonly found on mufflers, tailpipe fittings, brake cables, lock mechanisms, speedometers, carburetors.

#### CONTAINS TEFLON®

PEN always leaves a smooth, slick surface. The special formula contains Teflon®, which is one of the most slippery substance known.

#### POWERFUL CAPILLARY ACTION

PEN contains a unique combination of ingredients that permit rapid, deep penetration of corroded parts.

#### MOLECULAR ATTRACTION TO METAL

PEN has an affinity for metal, which aids penetration.

#### LUBRICATES AND PRESERVES

PEN leaves a residual oil film that lubricates and provides protection against subsequent corrosion.

#### GOOD FOR HARD-TO-REACH JOBS

Spray head allows you to easily spray from any angle or position and get into places that would otherwise be inaccessible.

#### TECHNICAL INFORMATION:

**APPEARANCE:** pressurized spray liquid

**COLOR:** amber

**FLASH POINT:** 350° F by T.C.C. ± 5° F (177°C ±2°C)

**SPRAY PATTERN:** penetrating stream

**SPRAY HEAD:** allows PEN to be sprayed from any angle or position

**1,1,1 TRICHLOROETHANE:** none

**SHELF LIFE:** two years

#### PACKAGING

121822-12 19.75 OZ Aerosol/CS12

121822-24 19.75 OZ Aerosol/CS24

**State Industrial Products**  
5915 Landerbrook Drive  
Mayfield Heights, OH 44124
