

FLOOR CARE *Solutions*

- Unique formula attracts and holds loose dust and surface soils
- Versatile; can be used on erase cloths and HVAC filters
- Convenient aerosol spray makes application quick and easy

CARE FOR WORK ENVIRONMENTS®

ATTRACTS DUST

SSA is the ideal dressing for dust mops, dust cloths and filters. Its unique formula attracts and holds loose dust and surface soil. SSA also greatly enhances the collecting and holding power of air conditioning and heating filters.

EASY APPLICATION AND ECONOMICAL

SSA's convenient aerosol container makes application easy and fast. Only a light application of SSA is required for complete treatment.

DIRECTIONS FOR USE

Dust cloths should be lightly sprayed, rolled and stored 24 hours prior to being used. Place mop in open position. While holding can close, apply a light mist of SSA directly to contact the sweeping shoulders of mop.

Apply treatment to the mop only after using and just before storing. Best results are obtained when mop is hung by handle when not in use. Avoid overtreatment as this makes mop unreasonably heavy.

Please review label and SDS for all product directions, precautions and first aid information.

TECHNICAL DATA:

APPEARANCE: aerosol spray with citrus fragrance

SPECIFIC GRAVITY: 0.91

STABILITY: minimum one year

NET CONTENTS: 14 ounces per can

pH: 8.1

COLD STABILITY: 0°F
